Camparino is an elegant, sophisticated wireless table lamp that brings together past and present in a single, compact piece. On the one hand it reflects Murano glassmaking tradition, in that it uses the “rostrato” technique; on the other, it represents the ultimate in modernity: its rechargeable lithium battery allows it to be transported anywhere. It can be turned on or off and its brightness adjusted with just a movement of the brushed brass dimmer control knob. The base is in precious marble, in two options: White Carrara and Belgian Black.
