Marge
by Daniel Shapiro

Contemporary

United States

Part of Daniel's "Familiar Souls" series. "Marge" stands tall at 17" high and 9" wide. Much like the brain, the folds of a soul represent hard lessons learned. Marge has learned a few. Her pink bubbly glaze drools down her floppy and sometimes boney exterior laying bear the raw wisdom that can only be known by an old soul. Topping her floppy physique is a light housing surrounded by 24k gold luster ensuring the viewer that even though Marge has lived a life, there's much more ahead. While part of a series, Marge is one of a kind.
