

**Padma**

*by* Barovier&Toso

*Contemporary*

Italy

This collection is designed to express harmony, a synthesis of parts, a synergy of contrasts. The balance of innovation and tradition, through the relationship between design and techniques of workmanship, drawing on the company's heritage of know-how. Unusual mixtures generate an evocative dialogue between parts nested one inside the other, different in form, hue, workmanship, but forcefully connected by the design of the object.
