

Clepsydra

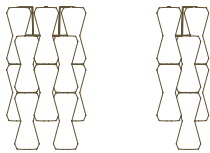

by Barovier&Toso

Contemporary

Italy

Made with the traditional Rigadin technique, the hourglasses are lined with slender ribbing, enlivening the refraction of the light. They are based on a design from the 1960s contained in the historical archives of Barovier&Toso, reinterpreting its sinuous lines and its concept of symmetry. These factors are combined to create lamps that are unique for their elegance and charm.
