

Inspired by the form and function of grain silos, the Silo Coffee Tables strike a balance between utilitarian purpose and aestheticism. These sculptural tables feature a solid wood or marble top and hand-finished brass or stainless steel wrapped legs.

Available with an optional hollow brass dome that sits atop the table to continue the shape of the cylindrical leg, transforming it with a striking and elegant presence. The magnetized domes are removable, revealing inlay brass and a playful location to store small objects from coasters to matches.

A variety of table sizes and height options allow endless opportunities for nesting. *Made by hand in Pennsylvania.*

*Mix and match sizes for various nesting formations
