

PYTHAGORAS SINGLE

(QUARTZ)

Pythagoras, the revered philosopher and mathematician believed that the mysteries of the physical world could be revealed through Mathematics. For Pythagoras, numbers had mystical influence and could be harnessed to achieve balance and beauty.

PYTHAGORAS SINGLE QUARTZ draws on the insights of its namesake, invoking a calculated harmony in the meeting of light and geometry with a crystalline edge.

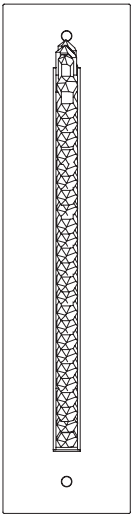

Pythagoras Single Quartz 600 finished in Polished Brass & Gradient Quartz.
