

# Barovier&Toso

VENEZIA 1295

## PANDORA

---

Regala leggerezza ed un aspetto fiabesco agli interni grazie ai bracci in cristallo veneziano che sembrano fluttuare nell'aria. Il suo aspetto simile a quello di una medusa crea divertenti giochi di luce che donano profondità agli ambienti, ed il suo paralume di dimensioni importanti genera un'illuminazione omogenea ed elegante.

*Interiors take on a light, fairy-tale image thanks to arms of Venetian crystal that seem to float in the air. The resemblance to a jellyfish suggests playful games of light that add depth to spaces, while the large shade generates uniform, elegant light.*

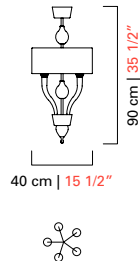

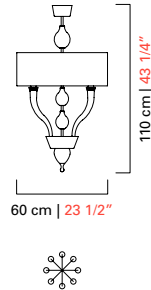

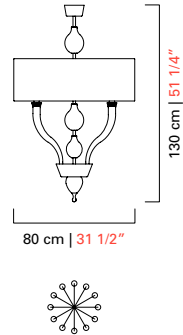

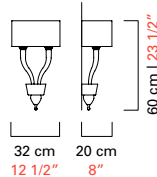

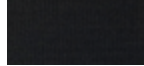

|                                                         |                                                                                                                                    |                                                                                                                                    |                                                                                                                                     |                                                                                           |
